## **RETRACTABLE SECURITY GRILLES**

- A Rivet less System for added strength.
- Discreetly stacks back to a fraction of the overall size.
- Ease of access – a low profile bottom track allows ease of access for, wheelchairs and pushchairs
- Secure and easy to close with a multi-point slam shut lock ensures outstanding protection and ease of use.
- Anti-jemmy security strip protecting the lock from attack with a crowbar or other lever.
- Strong durable powder coated finish in a wide choice of colours to blend in with any colour scheme.
- Exceptionally low maintenance with a zinc plated anti-rust finish.
- BGID – 12 month warranty.

### **Product Information**

- Top hung design fixed on all 4 sides
- Available as a single grille (locking to one side) or double grille (central lock post)
- For maximum accessibility in doorways – lift up and lift out bottom track options are available as well as a swivel return to hinge back the stack of the grille when open.

### **Cleaning**

- It is recommended no abrasive cleaning products to be used.
- A soft cloth to be used for cleaning as and when required.

### **Certification**

Grille has been independently tested by the Loss Prevention Certification Board (LPCB) to the industry standard of LPS 1175 Security Rating 1 (within the certified size range) and is a Secured by Design 'Police Preferred Specification'. Certified grilles are authenticated with a plaque on the lock post.
